ERRATA

In the heading of the first abstract [this Bulletin, 1967, v.64, 210] the date of the congress should ead September 1964 as in text.

In the heading of the paper by RORAY [this Bulletin, 1967, v.64, 280] the author's name should ad BORAY, J.C.

In the heading of the paper by BRUNSER et al. [this Bulletin, 1967, v.64, 665] the third author ould read MÖNCKBERG, F.

In the third line of the abstract of the paper by MADECKI & KRETSCHMAR [this Bulletin, 1967, 64, 460] *"P. vivax"* should read *"P. ovale"*.

In the heading of the paper by KLEFSTAD-SILLONVILLE & TARD [this Bulletin, 1967, v.64, 097] the name of the journal, *Medna Trop.*, should read *Méd. Trop.*

In the English Summary of the paper by LAZDYNYA et al. [this Bulletin, 1967, v.64, 1113] the eferences to porcupines in lines 4, 8 and 12 are incorrect. The animal intended is the wild boar *(Sus rofa)*.

In the abstract of the paper by CORRADETTI et al. [this Bulletin, 1967, v.64, 1304], after the atement that rats inoculated with *P. berghei* parasites which had been irradiated with 20,000 to 0,000 r. did not develop an infection, the comment was made that "the graphs show low grade infec- ons in at least some of the rats". This comment was mistaken, since the graphs in question referred o the subsequent challenge of the rats with non-irradiated parasites, and *not* to the original injection f irradiated parasites.
